BONE ANNOUNCES OFFICIAL PLANS LOCAL GREETING

Official Program for Presidential Party Here Covers Almost 24 Hours.

(Continued from page one.)

Citizens Committee appointed by him. Mayor Goldstein is arranging for every small boat in this district, including craft of all kinds, to meet the Henderson down the Channel and escort it to the Admiral Line Dock. The Explorer, which goes to Ketchikan to meet the party, will endeavor to return here for the local greeting.

The Citizens Committee and officials will board the Alma and escort the Henderson to its landing place.

Escort to Governor's House. With an honor escort of members of the American Legion, the President will proceed to Governor's House shortly after the transport docks. In the procession will be a detachment of 80 soldiers from Chilkoot Barracks, hundreds of school children and virtually every citizen and visitor of Chilkoot town.

To complete details for their participation in the greeting, students of local schools are asked to meet with the committee at the Public School building next Saturday morning at 10 o'clock. It is desired that all students, from the kindergarten to the high school department, enter the procession. It was stated. Pupils from the Douglas school will join the local contingent, and it is expected between 500 and 600 will be in line.

Flowers to be carried by the children will be gathered from nearby points Saturday afternoon and Sunday. Volunteers with automobiles are asked to aid in securing wild flowers. The school house will be open Sunday and those gathering flowers are asked to leave them there.

Earl Rossman, Eastern photographer, will make moving pictures of the school contingent as it leaves the school house and films for both the Douglas and local schools will be made and presented to them.

May Make Speech. Although President Harding is not scheduled to make a set speech here, Governor Bone said it is possible he may make a brief talk from the steps of Governor's House after the procession. It is expected that he will also hold a short public reception there.

At 11 a. m. the Presidential party will leave for an automobile ride out Glacier Highway to Mendenhall Glacier and other points of interest. Governor Bone has reserved 10 cars for this ride. At the same time the Citizens Committee has prepared to take visiting newspaper men and others not in the immediate party on the same trip.

Conference in Afternoon. At 2 p. m. arrangements have been made for an important conference of local citizens and Secretaries Work, Wallace and Hoover. This will be held in the Council Chambers at the City Hall.

During the afternoon presentations of gifts to both the President and Mrs. Harding will take place at Governor's House. This will include the gold card being presented to the President by the City of Juneau which is now being made up by E. Valentine out of gold from the Alaska Juneau mine. The President will also be presented with a

desk knife of smooth gold and nuggets by the bodies of Ancient and Accepted Scottish Rites, of Juneau. The blade of the knife is made from Alaska Juneau gold and the handle from nuggets collected from various parts of the Territory. It was manufactured by the Nugget Shop and is on display there. A third gift to the President is to be presented by local Indians, the nature of which is not known at present.

The Elks will also present Mrs. Harding with a beautiful reading lamp which is now on display at the Nugget Shop.

Visit Local Mine. At 4:00 p. m. Secretaries Work, Wallace and Hoover and visiting newspapermen will leave for a trip through the Alaska Juneau mine and mill, as many making the trip as desire to do so. Others will have a short time to devote to rest and sightseeing.

At 7 p. m. Governor and Mrs. Bone will entertain at dinner the President and Mrs. Harding and members of the immediate party. In the evening a concert will be given from the veranda of Governor's House by the Navy Band which is accompanying the President.

Public Reception. From 9:30 p. m. to 11 p. m. a reception will be given to Federal, Territorial, City officials, the Citizens Committee, and their wives and to visiting newspaper men and their wives. This will conclude the program here. The Henderson will sail at 9:30 a. m. on July 10th, for Seward.

This program has been arranged on the expectation that the party will reach Juneau on the forenoon of July 9th, said Governor Bone. If it arrives at a later time, it will be necessary to compress it materially to cover everything mentioned.

BRITISH GOVERNMENT WILL ENCOURAGE AIRPLANE RACES

LONDON, July 3.—With a view to encouraging the entry of British racing aircraft in international air races, the Air Council has undertaken heretofore to purchase, up to \$15,000, the winning aircraft, minus engine, in the forthcoming aerial "Derby" and the "Schneider Cup" races, provided that in each case the aircraft is British designed, built and owned, and not of a type which has previously won either race.

Old bundles of newspapers at the Empire, 25 cents.

DANGERS OF A COLD

Juneau People Will Do Well to Heed Them.

Many bad cases of kidney trouble result from a cold or chill. Congested kidneys fall behind in filtering the poison-laden blood, and backache, headache, dizziness and disordered kidney action follow. Don't neglect a cold. Use Doan's Kidney Pills at the first sign of kidney trouble. Here is an experience told by many residents.

Mrs. C. Nyback, 2420 Railroad Ave., Bellingham, Wash., says: "A cold which settled in my kidneys caused lame back. When I washed, sharp pains shot up from the small of my back and racked my whole system. My kidneys acted too often and my hands bloated so I could scarcely close them. It felt as though I had been hit with a club in the back of my head. I heard about Doan's Kidney Pills and one box rid me of the backache and headaches and put my kidneys to acting like clock work. The bloating went out of my hands, too."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Nyback had. Foster-McLennan Co., Buffalo, N. Y. (advertisement.)

JUNEAU, ALASKA

PRESBYTERIAN TOURISTS SPEND TIME IN JUNEAU

Here All Last Evening—Entertained by Martha Society of Local Church.

One hundred and twenty-six people of the Presbyterian Excursion from the States, visited Juneau last evening from 6 o'clock until midnight on a cruise of Southeastern Alaska aboard the steamer Jefferson. The excursion is being conducted by Dr. S. Hall Young, general missionary for Alaska, who met the Jefferson at Seattle. The excursion was organized at Los Angeles, from which place it started for the north. It is under the management of Rev. Paul G. Stevens of Los Angeles.

Immediately on the arrival of the Jefferson at Juneau, the members of the party were taken in automobiles to Mendenhall Glacier. Returning here they were received by Gov. and Mrs. Scott C. Bone at the Governor's House. The reception was informal. Governor Bone addressed them with words of welcome, for the Territory.

Reception at Church. From the Governor's House the guests went to the Presbyterian church where a reception was held for them. Rev. David Waggoner made them an address of welcome for the churches and missions in this vicinity and H. L. Faulkner made an address of welcome for the local Presbyterian church. The talks were responded to by Dr. Robert Freeman, pastor of the First Presbyterian Church of Pasadena, Calif.

From the church the guests were taken to visit the Presbyterian Native Church and the Alaska Native Brotherhood Hall, from where they returned to the Jefferson, leaving at midnight.

The entertainment of the guests was in charge of the Martha Society of the local church, under the supervision of Mrs. J. K. Campbell, president, and Rev. David Waggoner, pastor of the Presbyterian Native church. The society wished to thank all members of the church and others who donated the use of automobiles for the ride to the glacier.

Enjoy Alaska. A delightful wonderland of surprises in the opinion of Alaska expressed by the members of the ex-

cursion. The beauty of the country, the sunshine, the progress and industries were all taken up in their enthusiastic discussions.

Four of the party were given a thrill with every excuse for stating they had experienced a bit of wild life in the far north, when on their way to the glacier, in W. J. Leiver's car, they were forced to stop behind the cars of the Federal officials and an alleged rum runner, and witnessed a "shooting" race. They claim to have seen three shots fired into the alleged rum runners automobile and when everything was over and the excitement had been somewhat subdued said they would not have missed the experience and the thrill for anything.

Return Friday

The excursionists will go from here to Sitka and will spend tomorrow, July Fourth at that place. They will then go to Hoonah, Haines and Skagway and will return here Friday morning about 6 o'clock enroute to Seattle, according to present plans.

Prominent Members Among the prominent members of the party are: John V. Stephens, professor in Lane Theological Seminary, Cincinnati, O. Ino P. Baughman, chemist of Portland, Oregon.

Mrs. M. O. Lotzpeich, writer, of Los Angeles.

Ella M. Smith, of New York, clerk of the Board of Home Missions.

Mrs. W. R. Fairies, of Coachella, Riverside Co., Calif., wife of Dr. W. R. Fairies, former medical missionary of China and who is now raising dates from African (imported) offshoots.

Rev. and Mrs. H. L. Bowman of Portland, Oregon.

Rev. H. L. Bowman of the First Presbyterian Church, Portland, Oregon, and Mrs. Bowman.

J. S. Gardwin, orange and walnut grower of Santa Ana, Calif., and Mrs. Gardwin and their two daughters, Jean and June.

Mrs. Bertha Van de Carr, of Redlands, Calif., general secretary of associated charities of Redlands.

Mr. Walter Young, of Los Angeles, a fruit grower and brother of Dr. S. Hall Young.

HUGE AIRSHIP PLANNED FOR HAMBURG-NEW YORK SERVICE

LONDON, July 3.—An airship to carry 300 passengers on a regular service between Hamburg and New York, says the London Daily News, is now in course of construction. The ship will be more than 900 feet long, fitted with 12 engines of 260 horsepower each, giving a speed sufficient to make the journey between the two cities in 45 hours.

When not in flight the plane is designed to float on the surface of the docks at Hamburg and New York.

NOTICE
